Goddard High School Counseling Curriculum
aligns with the Association of School Counselors Association (ASCA)
National Model for Comprehensive School Counseling
Our Mission:
The mission of the Goddard Unified School District counseling program is to provide a comprehensive, developmental counseling program addressing the academic, career, and personal/social development of all students in a multicultural society.

Our Vision:
As Goddard High School Counselors, we are student advocates and partners in student achievement — first, last and always.

We Believe:
† YOU have worth & value.
† YOU have the ability to make wise decisions.
† YOU need caring adults in your life.
† A counselor can make a difference in YOUR life.
† YOU deserve to be treated with dignity & respect.
† YOU are ultimately responsible for your choices.
† YOU have strengths that can be built upon.
† YOU have the power to come together with others for the common good.
† Schools, families and community are partners in YOUR education.
† YOU should never, never give up.

What is a high school counselor?
School counselors work with all students, school staff, families, and members of the community as an integral part of the education program. School counseling programs promote school success through a focus on academic achievement, prevention and intervention activities, advocacy and social/emotional and career development. (American School Counselor Association, 1997)

School counselors work predominately with school related issues. A school counselor is not a therapist. When issues go beyond the training of a school counselor, parents are encouraged to seek therapy within the community.

What do counselors do?
- Provide direct counseling services to students individually and in support groups.
- Provide education and support services to parents.
- Provide consultation services to teachers.
- Facilitate referrals to community support services.
- Advise students on academic planning.
- Provide career guidance to students.
- Maintain up-to-date resources on careers and post-secondary institutions.
- Network with post-secondary schools.
- Serve on school and community committees addressing the needs of young people.
